Introduction to Java Programming – BTK Akademi
Java Programming 101 – Turkcell Geleceği Yazanlar
Java Programming 201 – Turkcell Geleceği Yazanlar
Java Programming 301 – Turkcell Geleceği Yazanlar

Hello, I'm Caner

Second-year Computer Engineering student at Istanbul Okan University (100% English program). Successfully completed the English Preparatory Program in the 2023–2024 academic year. Currently learning Python, C, and Java, with a strong interest in software development, problem-solving, and new technologies. Seeking internships and hands-on project opportunities to gain practical experience and improve teamwork and technical skills.

EXPERIENCE

REAL ESTATE CONSULTANT

Kurtköy Emlakçısı - www.kurtkoyemlakcisi.com MAY 2023 - NOW

While continuing my university education, I worked part-time, supporting customer communication, property listing processes, and office operations. I gained experience in time management, taking responsibility, and maintaining professional work discipline. By balancing my academic and professional life, I developed practical experience in a real-world work environment.

Additionally, I built a modern website using React.js with the help of OpenAI Codex during the development process.

SOCIAL MEDIA TEAM LEAD - PROJECT DEV. OFFICER

HSD OKAN UNIVERSITY SEP 2025 - NOW

•Led the social media operations of the HSDOKAN student club.
•Managed and coordinated a social media team of 6–7 members, overseeing task distribution and team workflow.
•Planned content strategies and posting schedules to ensure consistent and organized social media management.
•Managed social media communication for club events and activities.
•Contributed to increasing the club's digital visibility and audience engagement.
